## BRITISH PLANE OVER AFRICA IN QUEST OF NEW NON-STOP MARK

**Pick-a-Back Seaplane Takes Off From Mothership At Dundee on Flight to Capetown, 6,370 Miles Away—Expects to Reach Destination Early Tomorrow**

DUNDEE, Scotland, Oct. 6.—The pick-a-back seaplane Mercury took off today from atop her mothership Maia for a 6,370-mile flight to Capetown, South Africa, in a try for a nonstop long distance record.

At 11:28 p.m. (3:28 p.m. P.S.T.), Captain Donald Bennett reported by wireless the Mercury was near Lake Shott Meighir, in Algeria, flying at 10,000 feet at a speed of approximately 125 miles an hour.

The two planes, operating as a unit, left the water at Dundee at 1:20 p.m. (6:20 a.m. M.S.T.) and when the Mercury, released in the air, passed over Heston Aldrome, London, its speed was reckoned at 155 miles an hour.

**RECORD HELD BY RUSSIANS**  
The Mercury started from Dundee instead of its base at Southampton in order to make its flying distance greater than the 6,306-mile nonstop record flight achieved in July, 1937, by three Soviet Russian seaplanes. The distance from Dundee to Capetown is 6,370 miles.

The Mercury, which this Summer made a survey flight over the North Atlantic to Montreal and New York, was expected to alight at Capetown on Saturday morning. She carried 2,100 gallons of gasoline, providing an estimated range of 6,700 miles.

## DE VALERA OUT FOR PLEBISCITE

**Prime Minister of Eire Now Concerned With Minority Problem**

DUBLIN, Oct. 6.—Prime Minister de Valera has indicated to Great Britain that he considers the time now is opportune for a plebiscite in certain areas of the six counties of Northern Ireland. It was learned here tonight.

Seizing the opportunity afforded by settlement of the Sudeten German and other minority problems of Czechoslovakia, the Prime Minister of Eire raised the question of the partition of Ireland with the British Government.

On his way home from Geneva, where he acted as president of the League of Nations Assembly, Mr. de Valera met Prime Minister Chamberlain at No. 10 Downing Street, in response to a letter written in Mr. Chamberlain's own hand.

Mr. de Valera is understood to have emphasized that Ireland cannot be left out of any general settlement of the minority problem in Europe. This is the view of the Government here, although it is not admitted the minority problem of Ireland was due to racial differences.

A movement already has begun in Northern Ireland, sponsored by a body called the "Northern Council for Unity" demanding the new Eire constitution be extended to cover the whole island.

## New Association For the Rockies

RADIIUM, B.C., Oct. 6.—All boards of trade interested in the promotion of tourist traffic will be invited to join the newly-formed Associated Boards of Trade of the Rocky Mountains district.

With J. C. Noble, of Banff, elected president, the new association was formed at a meeting of members of the Boards of Trade of Banff, Cranbrook, Golden and Windermere here today. R. E. Round, of Banff, was named secretary.

## PARACHUTES SAVE TEN R.A.F. MEN

LONDON, Oct. 6.—Ten airmen, the crews of two Royal Air Force planes, parachuted to safety today when their planes crashed. One fell over Yorkshire, the other over the English Channel. Both were believed to have been struck by lightning.

The Air Ministry reported a third Royal Air Force plane, also with a crew of five, had been missing since last midnight.

## Pick-a-Back Plane Seeks New Record

This composite aircraft took off at Dundee, Scotland, yesterday afternoon, and launched the upper plane, the Mercury, on a flight for Capetown, South Africa, in an attempt to break the world's non-stop flight record of 6,306 miles held by Russia. The airline distance from Dundee to Capetown is 6,370 miles.

## SAYS DEATH ACCIDENTAL

**Prominent Consulting Engineer Found Drowned Near Yacht**

VANCOUVER, Oct. 6.—Coroner J. D. Whitbread said today no inquest will be held into the death of Preston Locke, consulting engineer of the American Mining and Smelting Company, whose body was found in Vancouver Harbor.

It was believed Mr. Locke stumbled on the wharf where his Diesel cruiser Syrene was docked while returning late last night from a visit with friends ashore. His body was found in two feet of water under the dock early this morning.

Dr. Whitbread, who knew Locke fifteen years ago when both were connected with the Northern Peru Mining Company, said death was accidental.

## WELL KNOWN IN PROVINCE

Mr. and Mrs. Locke, residents of Pasadena, Calif., had spent most of the Summer aboard the Syrene, acquired by them two months ago. The cruiser was formerly the John Antle, of the Columbia Coast Mission. They came here from California in July.

A son, Preston, Jr., is a student at the University of Southern California.

Locke was well known in British Columbia both professionally and socially. He made frequent trips to Victoria and was at the Royal Yacht Club at Cadboro Bay last week.

**EXAMINED MANY PROPERTIES**  
It was he who examined the Premier Gold Mine in the Portland Canal in 1916 and 1917 before his company took it over. With headquarters in Spokane, Wash., for many years, he examined other mining properties in the province.

In later years, he was sent to South America as general manager for American Mining and Smelting Company operations there, and then to London where he was responsible for the development of larger copper properties in Rhodesia.

He spent most of his Summers in British Columbia and owned property on Vancouver Island, including a house in Victoria.

## Scores Die In Japanese Mine Blast

TOKIO, Oct. 7.—A coal mine explosion at Yubari, Hokkaido, northernmost main island of Japan, was believed today to have taken 151 lives.

The known dead totaled thirty-three. Injured, twenty-eight, and the fate of 111 was unknown, it was reported by Domei (Japanese News Agency). Coal company officials here said the entombed men had been given up as lost.

Coal damp was believed responsible for the blast.

## Delegates Maintain Accounts of Parley With Company Right

**City Council Studies Reports of Mayor A. McGavin, Aldermen E. Williams and W. L. Morgan on Mainland Conference With B.C. Electric**

FOLLOWING a session of lengthy debate and argument, no action was taken by the City Council yesterday afternoon on reports of the public utilities committee and R. W. Beck on a conference held at Vancouver last Tuesday with W. G. Murrin, president of the B.C. Electric Railway Company, Ltd.

On motion of Alderman James Adam, it was decided to furnish each alderman with a copy of the reports and a telegram from Mr. Murrin.

Alderman R. A. C. Dewar advocated close study of the reports. He reminded the council that street railwaymen were circulating a petition on the assumption it would be possible to operate street cars for a period of five years from Decem-

## Says Statements At Variance With Facts of Meeting

**President of B.C. Electric Astounded at Impression Gained by Mayor McGavin—Explains Circumstances Under Which Conference Held and Presents Version of What Transpired**

VANCOUVER, Oct. 6.—W. G. Murrin, president of the B.C. Electric, has issued the following statement concerning his interview with Mayor A. McGavin and R. W. Beck, utilities expert for the City of Victoria:

A report of the meeting between the Mayor of Victoria with two representatives of the City Council and the Board of Examiners and Sanctions, published in the Victoria press, has been drawn to my attention, and the statements made seem to be so much at variance with what actually transpired that I feel it necessary to make a statement definitely setting forth what actually happened.

## NATURE OF MEETING

The request for the meeting came from the Mayor without any particulars as to the matters to be discussed, and I naturally assumed that a general discussion on certain outstanding matters would take place. At the outset I did object to a verbatim report being taken of the proceedings, seeing that it would stifle any free discussion on the matters to be dealt with, and I did also object to the meeting being held in an official building under the by-law appointing a utility commission which had recently been passed in the City of Victoria, as I stated that we were legally advised that the City of Victoria had no

## CREW SAVED AS TANKER BURNS

**Two Men Missing of Thirty-Seven on Flaming Oil Carrier**

JACKSONVILLE, Fla., Oct. 6.—Two men were reported missing and another injured late today after the 435-ton tanker E. J. Bullock burned and sank near the Dry Tortugas.

The steamer O. M. Bernuth, headed to coast guard headquarters here that she had picked up two boatloads of survivors and was proceeding to Key West with them. Sighting the burning vessel, the Bernuth sped to the scene. The tanker had sunk before the Bernuth, ten miles away when the flames were seen, could approach.

The Bullock went down about thirty miles east of south of Dry Tortugas, small islands southwest of Key West, Fla.

## TO PICK UP INJURED MAN

Two coast guard vessels were rushing to the vicinity. One had instructions to pick up the injured man.

Radionarine at West Palm Beach reported that thirty-five of the thirty-seven aboard the tanker were rescued and that the two men missing were working forward, where an explosion occurred about 3:30 p.m.

The Bullock, owned by the Standard Oil Company of New Jersey, left Smith Bluff, Texas, October 3, for Baltimore, Wilmington, Del., is home port for the 4,028-ton tanker.

## Bursting Stove Spoils Holiday

WILLIAMS LAKE, B.C., Oct. 6.—The hunting trip of four Vancouver men was interrupted here tonight when a kerosene oil stove exploded in their trailer and completely destroyed the interior of the "rolling home."

Neither of the four—A. G. McKelton, Sidney Anderson, R. M. Luckie and G. C. Dixon—on route north by automobile for a week's hunting in the Cariboo district were injured.

## REPORT CUT OF RAILWAY

**Japanese Claim Successful Severance of Artery Vital to Chinese**

SHANGHAI, Oct. 7.—Japanese military authorities reported today their forces cut the Peking-Hankow railway late yesterday ninety-two miles north of Hankow.

Severance of the vital rail artery, connecting the nation's military capital with Chinese armies along western sections of the Yellow River, was said to have been accomplished by a concentrated Japanese thrust.

The point at which the railway was cut was announced as eight miles south of Sinyang, about 100 miles north of Hankow.

## DIGGING IN

Japanese leaders said the victorious troops immediately set to work digging in and strengthening positions preparatory to a direct drive down the line to Hankow.

A Japanese spokesman announced four strong Japanese columns were converging on the Wual Mountains of Northeastern Shansi Province in a drive to crush the Chinese Eighth Army.

It was described as the largest encircling operation yet attempted to wipe out the Chinese Communist force, which for more than a year has created havoc behind Japanese lines in North China.

There was considerable excitement in Canton over rumors of an impending South China invasion. These were heightened by unusual aerial activity.

## Distinguished Surgeon Dies In Montreal

MONTREAL, Oct. 6.—Sir Henry Gray, distinguished physician and surgeon, died in hospital today of a heart seizure.

Sir Henry, who was sixty-eight, was taken to hospital only a short time ago with a heart ailment. The noted lecturer who served as consultant on special military surgery during the war, for which he was mentioned in dispatches several times, was born in Aberdeen, Scotland. He came to Canada in 1922 as surgeon-in-chief at Royal Victoria Hospital in Montreal. Later, he established his own hospital.

## HITLER GREETED FOR THIRD TIME

**German Chancellor Rides In Triumph Into Rumania in Second Sudetenland Zone**

RUMBERG, Sudetenland, Oct. 6.—Adolf Hitler came into the second Sudetenland zone today to a reception which rivaled his previous two grand entries into his newly-acquired territory.

Tolling bells and roars of "Hall our liberator" greeted the Fuehrer, who proceeded to a grandstand in the market square for a brief speech. "Our vow," he said, "in this hour is that every foot of German soil on which the flag of the German Reich has once been planted should remain German forever."

He reached here at midday, having crossed into the second zone between Opach and Fukau. Military occupation of this area was completed yesterday.

## TWO BURNED TO DEATH

BRISTOL'S CORNERS, Que. Oct. 6.—An aged woman and her grandson were burned to death today, while her son was burned severely, in attempting to rescue them when fire destroyed a two-story frame home near this Pontiac County village, twenty miles north of Campbell's Bay. The dead were Mrs. Phoebe Shepherd, seventy-six, and her four-year-old grandson, William Dumas. The son, William McCaig, was burned about the head, legs and body.

## PARLIAMENT ADJOURNS AFTER VOTING FULL APPROVAL OF GOVERNMENT'S PEACE POLICY

**The City of London Shows Appreciation Of Prime Minister**

LONDON, Oct. 6 (CP-Havas).—The City of London tonight offered its freedom to Prime Minister Chamberlain in recognition of "his outstanding services during the past three or four painful weeks."

**Chamberlain Justifies Deal Made at Munich Conference—Declares Opposition to Compulsory Peace-Time Conscription—Refuses to Take Advantage of Feeling to Call Election**

LONDON, Oct. 6.—Parliament adjourned tonight until November 1 after voting confidence in the peace policy of the Chamberlain Government. A few minutes after Prime Minister Chamberlain told the hushed House of Commons his conscience was clear on his peace deal with Chancellor Hitler, the Government's foreign policy was approved, 366 to 144.

In a previous division a Labor amendment, which would have committed the Government to calling a world peace conference, discarding its own policy, was defeated, 369 to 150.

The sixty-nine-year-old Government leader, tested sorely by many weeks of intense activity, left later for ten days or two weeks of salmon fishing. He will be the guest of the Earl of Howe in Scotland.

## ABSTAIN FROM VOTE

It was understood after the division that twenty Government supporters abstained from voting. They included Winston Churchill, Anthony Eden, Alfred Duff Cooper and L. C. M. S. Amery. The pacifist Labor group under George Lansbury, numbering six, also sat in their seats during the vote. The four independent Labor members also declined to vote for or against the Government.

The Labor and opposition Liberal parties voted against Mr. Chamberlain's policies.

Here are the Government's proposals: 1. He is opposed to compulsory conscription in peace time, but is ready to harness the "spiritual revival" manifest among the people during the crisis. He invited suggestions as to how to accomplish this.

## NO IMMEDIATE ELECTION

2. There will be no immediate general election. There was a great feeling of relief and thankfulness when war was averted and "I should not want to capitalize on a feeling of that kind for the sake

## TIGHTENS LAWS AGAINST JEWS

**Fascist Grand Council Passes Sweeping Anti-Semitic Regulations**

ROME, Oct. 7.—The Fascist Grand Council ended a night session today by issuing a sweeping series of regulations limiting participation of Jews in Italy's national life.

After a four-and-a-half-hour session devoted largely to racial questions, Benito Mussolini's policy-making body hurried all marriages between Italians and "African, Semitic and other races."

Civilian and military employees of the State were forbidden to marry "foreign women of whatever race," and other Italians were required to have the Interior Ministry's permission before contracting any foreign marriage.

## INSPIRE OF ANTI-FASCISM

The council declared "world Jewry, especially after the abolition of Masonry, has been the inspirer of anti-Fascism in all fields. 'Jewry' abroad has been among Italian cities has been in some periods like 1924 and 1925 and during the Ethiopian War, unanimously hostile to Fascism."

The Grand Council prohibited Italian Jews from: 1. Enrollment in the Fascist party. 2. Holding or managing business firms of any sort employing more than 100 persons. 3. Owning more than fifty hectares (123.5 acres) of land. 4. Entering Italy's military service in peace or war-time.

## PRINTERS SEATED "ON PROBATION"

**American Federation Averts Split By Continuing Affiliation of Union Provisionally**

HOUSTON, Oct. 6.—The American Federation of Labor convention hurled a constitutional crisis today by approving disputed credentials of the International Typographical Union delegates.

Responding to the plea of "President" William Green not to force the printers' Union out of the Federation, the fifty-eight annual convention voted unanimously to seat the I.T.U. delegates "on probation" until they decide by a membership referendum whether they pay up a special assessment levied a year ago as an aftermath of the split with the Committee for Industrial Organization.

The printers' union, with its approximately 80,000 members is one of the oldest affiliates of the A.F. of L.

## Kill Fifty In Battle On Border

JERUSALEM, Oct. 6.—British troops, assisted by Royal Air Force planes, killed fifty men today in an engagement along the Lebanese border in a bitter drive to put down what authorities now call an Arab rebellion.

This morning three Jewish-owned trucks were ambushed. Two of the drivers were killed and one was wounded. The British command dispatched a large force to the trouble zone.

## FIRES LEAD TO ARSON CHARGE

**Prominent Entrant in Toronto Stokely Derby Fails To Evade Arrest**

TORONTO, Oct. 6.—Mrs. Mathew Kenna, short, plump and volatile French-Canadian matron, who supplied most of the fireworks, but not enough eligible babies for the Millar, will stork derby, sprained seventy-five yards with an agility that belied her figure before being arrested on a charge of arson tonight.

The arrest was made in a lane at the rear of her Bathurst Street home, where the fourth fire in as many months in houses inhabited by the much-publicized Kenna's wrecked a kitchen, a staircase and upper-floor rooms last Tuesday night. She was taken to police station and held in bail of \$3,000.

## POLICE AWAIT RETURN

Mrs. Kenna was taken into custody shortly after returning from a long taxi-cab ride. She was accompanied on the pleasure trip by as many of her children as could climb into the car.

Five police officers were waiting for her. They said that as soon as she entered the house and saw the officers she broke into strong language, ran through the kitchen and past three detectives guarding the rear door, and sped down the lane. She was caught at the corner of the lane and a street.

The arrest was made on a warrant sworn out by Deputy Fire Marshal Walter McConnell, who accompanied the police squad to the Kenna home.

## MAKES PILGRIMAGE TO FOUNDER'S TOMB

PRAGUE, Oct. 6 (CP-Havas).—Eduard Benes, who resigned the Czechoslovak Presidency yesterday, made a pilgrimage to Lany to strew flowers before the tomb of Thomas Garrigue Masaryk, founder and first President of the post-war republic. Dr. Benes, accompanied by his wife, knelt in prayer before the tomb.

## City Conservatives Choose Leaders for Reorganization Here

**W. H. M. Haldane Elected President at Enthusiastic Meeting, With Brig. J. Sutherland Brown, Vice-President—Liberal Inaction Criticized**

W. H. M. HALDANE was elected president of the Victoria Conservative Association last evening, succeeding E. W. Maynard on the first ballot, at an enthusiastic meeting at the Conservative rooms which endorsed national and provincial leaders of the party, and envisioned an early return to power.

Howard Green, M.P.; Dr. J. D. Hunter, M.P.; and E. V. Finland, first vice-president. Mrs. Mary J. M.P.P. spoke on Federal and provincial issues, with R. D. Harvey, re-elected president, in the chair. The meeting was attended by 250 Conservatives, 150 of whom had voting privileges.

With minor exceptions, the gathering elected the balance of a slate of officers by acclamation. Brigadier J. Sutherland Brown was chosen

## SOCIAL EVENING HELD BY PIPERS

Vancouver Island Society Enjoys  
Good Programme—Meeting Ar-  
ranged for October 29

A very pleasant time was spent  
at the monthly meeting and social  
evening of the Vancouver Island

Pipers' Society, which was held in  
the clubrooms of the Britannia  
Branch, Canadian Legion. The fol-  
lowing contributed to the pro-  
gramme: J. Matheson, W. Burgess,  
A. Pollock, Dr. W. Gunn, J. Shep-  
ard and Corporal McClure.

Colonel Ross Napier was ap-  
pointed chairman of a committee,  
in association with A. G. Smith,  
M.A., to undertake research and the  
preservation of Highland tradition.

The next social evening of the  
society will be held on Saturday,

October 29. An attractive pro-  
gramme is being arranged under  
the direction of Pipe-Major A.  
Wallace, W.O., assisted by the  
Mount Newton Band of Drouthie  
Cronies.

### TO CHOOSE LEADER

TORONTO, Oct. 6 (P)—A meeting  
of Ontario Conservatives today de-  
cided to hold a convention Decem-  
ber 8-9 to choose a new provincial  
leader.

## Utility Company May Be Asked to Pay for Electrolytic Action

City Council Tables Recommendation Urging Pay-  
ment of \$6,000 for Use of Water Mains—  
Engineer May Investigate Damage

A RECOMMENDATION of the water board that the B.C.  
Electric-Railway Company, Ltd., be asked to pay the city  
\$6,000 per annum if the company wishes to continue the  
practice of "grounding" to water mains was tabled for further  
consideration at a City Council meeting yesterday afternoon.

A further suggestion that R. W. Beck, public utilities analyst, and Gifford M. Irwin, city engineer, in-  
vestigate and report on damage to  
water pipes by electrolysis with a  
view to securing payment by the  
company, was also tabled.

Permission was granted the B.C.  
Electric to cross a city right of way  
in the Sooke Lake district for the  
purpose of supplying electric light  
to a remote dwelling.

It was decided to allow the Ka-  
poor Lumber Company to extend a  
watershed logging agreement until  
June 30, 1939, providing the com-  
pany complied with Government  
regulations in regard to burning  
slash.

A letter from H. S. Pringle, city  
engineer, reminded the council that  
it was necessary to have the adjoin-  
ing municipalities be willing to join in  
a petition for legislation extending  
to a power to create a joint bus  
franchise for inter-municipal opera-  
tion.

Mayor Andrew McGavin reminded  
the council the reeves of adjoining  
municipalities recently were of the  
opinion that there should be one  
transportation system to serve  
Greater Victoria.

Copies of the two letters were  
ordered sent to the reeves and the  
franchise committee.

Mr. Pringle informed the council  
\$1,000 had been received from the  
Gillespie Grain Corporation of Ed-  
monton as the first rental payment  
on the grain elevator. The sum of  
\$30,000 will be paid for a year's  
lease. An agreement for roof re-  
pairs to the elevator was ordered  
executed.

Instructions were given the parks  
committee to investigate a report  
from the school board that the  
small flower garden outside Central  
Junior High School could no longer  
be cared for.

NEW POUND CONTROL  
Mayor McGavin told the commit-  
tee that dog pounds in many other  
cities were under the control of an  
experienced veterinarian. He asked  
members to discuss the matter.

The city engineer was asked to  
report on a letter from the Forestry  
Department stating that the city  
would be held responsible if com-  
panies logging on city watershed  
property did not burn slash.

Sale of a lot at Gonzales and  
Richmond avenues for \$350 by the  
liquor committee was ratified.

On recommendation of the en-  
gineer, a kick totaling \$40.15 was  
granted to Colin A. Murcheson.

PAINTING PLANNED  
At the suggestion of Alderman  
John A. Worthington's electric light  
committee, \$500 was voted from the  
street improvement fund to repaint  
electric light standards in the busi-  
ness district. Authority was given  
the committee to turn an old truck  
over to the parks committee, and  
to place three overhead lights on  
Quadra Street, between Pandora  
Avenue and North Park Street.

Alderman Archie Willis was com-  
mended by Alderman James Adam  
on a report of the Pacific Coast As-  
sociation of Fire Chiefs' forty-fifth  
annual convention at Salt Lake  
City. The report was referred to  
the fire wardens for study.

It contained a recommendation  
that the fire wardens ask the De-  
partment of National Defence what  
special training would be required  
by firemen, and what part the de-  
partment might play in the event  
of war.

Alderman Willis stated the con-  
vention discussed fires caused by  
aerial bombardment, fire preven-  
tion, and the protection of property  
at fires by means of salvage corps.  
He added that Victoria was making  
a strong bid for the chiefs' conven-  
tion in 1940.

SPECIAL CHORAL SERVICE  
A special choral service will mark  
Thanksgiving Day at First Baptist  
Church on Sunday evening next.  
The entire service will be under the  
direction of the choir, led by Cyril  
C. Warren, L.R.S.M., A.T.C.M. The  
programme will consist of "ap-  
propriate anthems, a solo by Mrs.  
Edward Parsons, and a violin solo  
by Gillis Martin. It will be pre-  
sented at 7.10 by a twenty-minute  
organ recital.

At the sale of the Gibson liquida-  
tion, Mr. and Mrs. May, who were  
shareholders and creditors of that  
company, bid \$75,000 for the claims,  
but Mr. Roberts bid \$76,000.

The plaintiffs claim the sale pro-  
ceedings were a fraud on the share-  
holders and that the court should  
so find and declare that the claims  
are still the property of the Gibson  
Mining Co., Ltd.

## NEW INJURIES ARE DISCLOSED

Fractures Retard Recovery  
Of Captain Finney and  
Ralph Bonner

Hitherto unsuspected injuries, dis-  
covered under X-ray examinations  
yesterday, are expected to retard by  
two or three months the complete  
recovery of Captain "Terry" Finney  
and Ralph Bonner, now in the Ju-  
bilee Hospital suffering from injur-  
ies received when the former's sea-  
plane crashed onto a boom of logs  
in Plummer Bay, Esquimalt, last  
Monday.

Up until yesterday it was believed  
that Bonner had escaped with nothing  
more serious than a broken nose,  
while Captain Finney had sustained a  
contusion of the left lung, from which he was recover-  
ing rapidly.

The X-ray examination yesterday,  
however, showed that both men  
were suffering from compression  
fractures of the middle of the back-  
bone. These injuries are not seri-  
ous, it is stated, as in neither case  
is there any pressure on the spinal  
cord, or interference with the nerv-  
ous supply.

CASTS NECESSARY  
The convalescence of the two men  
will be considerably retarded, nev-  
ertheless, as it will be necessary for  
them to be placed in plaster casts.  
It is expected that they will be fully  
recovered in three or four months' time.

At the time of the crash, Bonner  
was wearing a two-inch webbing  
safety belt, and the force of the  
impact broke the belt, which was  
secured about his middle. Captain  
Finney, who was not wearing a  
safety belt, received an injury al-  
most identical with that suffered  
by Bonner.

The X-ray examinations were  
made yesterday when Bonner com-  
plained of a pain in the middle of  
the back. Previously neither of the  
victims of the accident had shown  
any symptoms of fractured verte-  
brae.

## EIGHT TENDERS ARE RECEIVED

Eight tenders were opened by Hon.  
P. M. MacPherson yesterday for the  
remodelling of a motor vehicle  
building, known as the Fales Block,  
Agnes Street, New Westminster. The  
bids ranged from \$2,918 to \$2,460 on  
a partial basis, and were referred  
for analysis and report.

The tenders were announced as  
follows:  
A. Legge, \$2,847; Charles Cox,  
\$2,918; Rodger Construction Com-  
pany, Ltd., \$2,890; Smith Bros. &  
Wilson, in part, \$2,595; J. Hyslop,  
\$2,550; W. Harman & C. W. Philip.

Some contractors bid on the main  
project, but omitted electrical work  
called for in the specifications. The  
building, a two-story structure, is to  
be fitted out as a warehouse and  
traffic school at New Westminster.

## MR. CHURCHILL'S INCONSISTENCY

Mr. Winston Churchill, in the parliamentary debate on the Munich settlement, said that the utmost the Prime Minister was able to gain for Czechoslovakia "has been that the German dictator, instead of snatching his victims from the table, has been content to have them served to him course by course." Politicians of a certain stamp are far from consistent in their viewpoint. It was Mr. Churchill who wrote in "The World Crisis" that "to exclude German-speaking population was deeply and perhaps fatally to weaken the new State; to include them was to affront the principle of Self-Determination." Mr. Churchill, when he wrote "The World Crisis," seemed to have realized that where the principle of nationalism prevails the only strategic frontier worth its name is a frontier of race and language. Now, however, he says that Great Britain should have pledged her support to Czechoslovakia to insure that the Sudeten Germans would have remained a part of that State, although those Germans preferred to be a part of the Reich. He says a guarantee to this effect would have saved the situation. That is a gratuitous assumption in view of the determination of Herr Hitler to employ force. In any case, it would have been what Mr. Churchill himself has called "an affront to the principle of Self-Determination."

At the time the Sudeten crisis was reaching its most serious stage, Mr. Churchill said that the neutralization of Czechoslovakia liberated twenty-five German divisions for the West, opened the German path to the Black Sea, and threatened democracy in every country. In reply to this The London Times said that, "thus democracy is or was staked upon an artificial frontier, upon a heterogeneous State doomed to disruption in a crisis, and upon an unconditional denial of German 'expansion' in any form. Are no better defences than these to be found for peace and democracy? Is this the appeal to the disinterested and crusading spirit of democracy? Mr. Churchill preaches the preventive war, while the Prime Minister practises preventive diplomacy. Yet, if all Mr. Churchill's reasoning be accepted, the Prime Minister was the more right in refusing the paradox of making voluntary secession by the Sudetens the occasion of a 'democratic' offensive, and no less right to bring common dangers to the trial of direct, candid, and timely conversation."

## TRIBUTE TO MR. CHAMBERLAIN

The sigh of relief which went up all over the world when a peaceful solution was reached in the Sudeten crisis was an evidence of public realization that the issue, no matter how provocative the circumstances, should not eventuate in war. The attitude of France and Great Britain in not maintaining intact the integrity of Czechoslovakia will continue to be criticized; it is only time that will show the wisdom of their course or the reverse. There is this to be said, however, namely, that the removal of the Sudeten problem as a ranking sore in Central Europe is a step that is in the way of appeasement. In effect, what it meant was that the Sudetens were given the right of self-determination; in other words they got what they wanted, inclusion in the Reich. They owe the accomplished fact having been brought about without bloodshed on a large scale to the patience, courage and determination of Mr. Neville Chamberlain. The manner of man he is and his peaceful intentions have been appraised by a number of commentators on events, but perhaps by no one more appreciatively than Mr. J. L. Garvin, writing in The Observer, before the settlement of Munich was reached. He wrote:

"We said of him months ago that he was standing like no other man between the world and war. It is truer still today. That is the soundest practical policy he could follow. It is the noblest ideal as well. But just because it sternly forbids all rash strokes, all gambling hazards, all playing with the risks of general conflagration; and just because it forbids no less all show effects and cheap appeals at home—this policy, in times like those we are passing through, was bound to expose him to storms of hostility. Let them rage as they will until they rage themselves out. He is just the man to stand unshaken and unwavering as long as his sense of duty and reason require. Meanwhile, with a steadfast heart and will, every day of his life, his task is to subordinate temporary incidents however provocative to the lasting essentials of a far-sighted and determined policy of peace. He has to steer by the compass and not by the kaleidoscope. In any case, his endeavor and the tenacious courage he brings to it are a kind that history records with eternal respect when the scolding and railing of prejudice and misrepresentation have died away."

## THE EINSTEIN THEORY

It is said that but few understand the Einstein theory of relativity. There is an attempt to explain it so that the general mass of people may get an inkling of the scientist's conception in a book "Architects of Ideas," by Ernest R. Trutner. Firstly, the author says that the separation of time and space is a misleading theory, because they profoundly interpenetrate. Isolation of them mutilates thinking about them. His idea is that they are not separate things, but are relative to each other, "constituent elements in a deeper synthesis. Thus time is as much the essence of things as space. Time is not something extra and superadded to things in their behaviour; it is basic to their constitution. The world, therefore, does not possess three dimensions, but four. Time is the fourth dimension."

Einstein, says Mr. Trutner, laid hold of the idea that everything is measured by, or considered relative to, something else; "that our concepts

of absolute time, space, motion are groundless for the very simple reason that man does not possess an immovable or unchangeable standard." Einstein gave these thoughts "a coherent mathematical basis." He formulated a theory "which co-ordinates and satisfies the observed laws of Nature and accounts for discrepancies which have long troubled the scientists. Mr. Trutner then says: "We ordinarily imagine all processes to take place in the world according to a simple time. But time is relative—even so-called 'simultaneous' events—there is no general world time, but only times for each observer. Different times can be mathematically related to each other only by taking into account the relative motion of the observers. Each observer has his own time, and therefore two events at different places which are simultaneous for one observer are not so for another." It is upon the basis of this theory that there has been built up the Einstein doctrine of the relativity of distances between points in space.

## Note and Comment

By Sandham Graves

The marble clock in the Legislative Chamber had its face washed yesterday; its face washed, its hands polished, and you might as well say its nails tinted, for it is a modern, impulse timepiece, taking even its impulses at second-hand from a dynamo many miles removed. Had Mr. Speaker been there, as soon he will be, he would have seen the marble clock pick up its marble load by means of a complex mechanical contrivance, once every sixty seconds. But Mr. Speaker was not there, so nobody saw 2:30 p.m. and time for prayers, though the marble clock faithfully marked its passing. Six o'clock came, and with it time for adjournment, but nobody saw 6 o'clock; and you cannot adjourn that which has not been commenced. Nevertheless, the marble clock paused in anticipation at 6 o'clock, nothing happened. So it swept on, one convolution succeeding another with horrible regularity, sixty seconds apart, dusk came, the blue veins of its marble forehead merged with the cold, grey countenance. Daylight fled, and there in the dark the marble clock kept its solemn record far into the night, unwatched.

If the marble clock, which stared straight ahead with the rigidity of a guardian on parade, had been capable of looking cock-eyed for one of the measured fits of its vision past Mr. Speaker's dais, through the revolving door on his left, down a short length of Mr. Speaker's corridor, and peeped into an open room where the Sergeant-at-Arms, with blue veins standing out on his marbled countenance, was having consultations just as frequently, but of a very different nature. If the clock learned that it must have been by hearsay; nevertheless, it was true. For the Sergeant-at-Arms was seated at a small square table, with eight hundred requests for chairs at the opening of the Legislature, to say nothing of forty-eight Seats ready to be filled, by honorable and learned Members of the august Assembly, without asking. The convulsions sweeping over the Sergeant-at-Arms, though by no means so regular as the measured fits of the marble clock, came from a succession of irregular but undoubted shocks, as he opened his afternoon mail bag. For now he is the Sergeant-at-Arms must remember the rights of the Church, the Bench and the Bar, and the Lady with such would have hailed its march of mechanical time and coughed in deepest sympathy; as often it does in the late watches of an evening sitting, when only itself and the Sergeant-at-Arms are really awake in the House, with the exception of Mr. Speaker, who is a light-sleeper anyway.

So dusk spread from the Legislative Assembly Chamber, along Mr. Speaker's corridor, and right into the office of the Sergeant-at-Arms, where the shades of evening found that official, like the immortal Mr. Peck in "Great Expectations," lifting himself out of his seat by the hair of his own head, so that, wearily, he might go home. And the Sergeant-at-Arms told his chair, with which one has a nodding acquaintance, that if some people would only make up their minds as to whether they tried to attend the opening of the House or not, life would be a deal easier. For, said the chair, repeating this confidence, some people have seen the spectacle many, many times, and it can no longer be a novelty to them. Others, said the chair, have not yet witnessed an opening, and much desired to do so. Yet others again had, through custom and habit, developed a fondness for the same stand as before, making the disposal of seating arrangements extraordinarily difficult. For, said the chair, with a weary creak in its joints, it was as much as a man's life was worth to put one right a hairsbreadth in front of another; and overhauling disagree to overlook even the color of a right at all. I listened for more, but the chair lapsed into convulsions on a diurnal foreboding, far into the night. From all of which one is assured that the Second Session of the Nineteenth Legislative Assembly of British Columbia is about to convene, for exacting and peculiar convulsions of its own, assisted by Mr.

Speaker, the Sergeant-at-Arms, and the clock with the marble face.

Once let the House convene, and the convulsions of the clock will be to some purpose. Time will have meaning when vote No. 1, with its call for \$8,500,000, passes in thirty seconds. The lifting of the Mace, from its gilt hooks to its royal blue pillow, will precede the passage of an Act affecting us all. For with the Legislature in session, all property and civil rights come before the Bar of this august Assembly, the highest tribunal in the Province of British Columbia. On the margin of the Bills, as they become enacted and receive Royal Assent, time will go down as the last entry, vindicating the marble clock, as the capstone of it all. Yesterday its face was washed, and it began counting out the minutes. Presently it will begin on the dollars; until minutes and dollars, intermingled, fall in a lengthening stream into the limbo of the past.

## MAKING ARRANGEMENTS FOR PEACE SERVICES

VANCOUVER, Oct. 6 (C.P.).—Arrangements were being made today for the second annual peace services on the International boundary at Blaine, Wash., on Armistice Day, November 11. About 6,000 school children and Great War veterans of Canada and the United States will take part.

### Glancing Over Sport

Do you know that the New York Yankees are the only club in major league history to win the pennant three times in three straight years? Back in 1921, in Miller Huggins' days, the Yankees won and repeated again the next year, and then in 1923 through to 1928 and then again in 1936 through to this season. Also if the Yanks win the series now in progress with the Cubs they will be the first club in history to win three straight world series. Great interest is already in evidence over the opening series of the basketball game of the season between the Dominions and the Northwestern Creamery next Wednesday night. Who is going to win? That I couldn't answer. For I know nothing about the strength of the Creamery quintette and do not know the Dominions' line-up for this season as yet. A whole flock of familiar faces will be missing from the Saturday League football line-up when it takes the field against the Western League next Monday in the first of the Anascomb Cup series. Well, we will watch with interest what the new blood will do and inquire where the other players are located. Maybe some of them have hung up their shoes for good.—J.D.

### Don't You Believe It?

The Keating Square encounters many strange persons during his daily rounds of the outlying districts, so we took the following little story about one of his acquaintances with a couple of grains of salt. One night last week a certain tiller of the soil and his better three-quarters were honing their tools from the week's show when a fog suddenly swooped down upon them. The motorist slowed down and threaded his way along the road, feeling thoroughly lost. But the fog became worse every minute—it finally closed around the car and the farmer was forced to stop. Opening the door, he decided he would try to get his bearings. However, the moment he stepped from the car, the fog board he found a perfectly clear night. The moon shone overhead and the stars twinkled down. Slowly the truck dawned on the old chap—he looked at his radiator. The cap had blown off and steam was billowing forth like a volcano.—W.F.P.

### Wood Butchers

"How are the 'woodpeckers'?" we heard a customer ask Jimmie and Chuck in the "business office." They secured the odd nicknames when both enrolled in a night course in woodworking. Bert, the painter, gave us an interesting account of a machine formerly used in Washington State to test the ability of motorists. He told us a friend of his who had never driven a car in his life decided to undergo a test just for a lark. She ended up by securing an ability rating far

## FIFTY YEARS AGO TODAY

From The Daily Colonist of October 7, 1888.

Will Remake Road to Esquimalt. The rock-crusher and engine were moved to the lot rear of Mr. Oldershaw's store, Victoria West, yesterday, and the long-delayed work of remaking the road to Esquimalt will begin today. The road is certainly in a deplorable condition, and the complaints made by residents on its line are not unreasonable. It is believed that the ground for dissatisfaction will no longer exist.

Two Runaways in City. On Sunday morning, two young men procured a horse from Dickson's stable on Fort Street and started out for a drive. A few minutes later the horse, attached to the empty buggy, was seen coming down Yates Street on a full gallop. At the corner of Yates and Government streets, a milk delivery wagon was standing, and the horse took fright at the runaway as it passed and also started on a mad gallop. The first runaway ran down Yates to Store Street to Johnson and along Johnson to the Central School, where it was stopped by a pedestrian. The buggy being slightly damaged but the horse uninjured. The milk wagon followed to Johnson Street and the horse was caught near Pines Street.

Barb Disabled in Gale. Bark California bound from Honolulu to Puget Sound, encountered a gale 200 miles off the California coast, and was so badly disabled that she was compelled to put into San Francisco for repairs. After going into the drydock, she will proceed to her destination.

## ONE KING, ONE VOICE!

Sir—Thank God for Chamberlain who, endowed with almost superhuman wisdom, courage, patience and endurance, has saved the civilized world from the threatened overwhelming catastrophe. Apostle of the creed, "Justice, Truth and Mercy," he listened not to the ravings and rantings of the Communists and others, influenced by them and caused reason to prevail over fanatical hatred and subversive intrigues.

Truly we do not like the form of government holding power in Germany, nor do we like the persecution of the Jewish race, but it would have been the height of folly to have sacrificed millions of people in order to keep three and a half millions of people subject to a small alien nationality unable to gain their own political support.

A democratic dogma says: "Government shall rest on the consent of the governed," but our Communists (posing as apostles of "Peace and Democracy") would go to war to continue the enforced political slavery of several millions of industrious and virile people.

What of the future? Thinking men everywhere must admit that, if our Empire were to be thoroughly united and adequately prepared, we could exert a tremendous power for peace and good-will among nations. If we could speak with one voice. Why cannot we do so in times of national peril or threatened major warfare? We cannot do so because we have no Empire Council of State to speak for us.

If any part of the Empire is attacked or becomes involved in war we should inevitably become involved also if this country would be disrupted from the end to end in spite of not having perhaps a voice in deciding or shaping the course of events.

Many months since it was my privilege to advocate in your columns the formation or setting up of a foreign relations committee for the whole Empire, upon which committee representatives of all the Dominions and colonies would have representatives, and when any decision was arrived at by the great majority of that committee its findings should have the full support of all the component parts of the Empire.

If at some future date, owing to the United Kingdom's domestic issues or the fickleness of the electorate there, some Anthony Eden, Duff-Gordon or Clement Attlee should be in power what might happen without the restraining hand of other parts of the Empire? Our Premier, Rt. Hon. W. L. Mackenzie King in his splendid letter of appreciation to Mr. Chamberlain has shown that he is far from indifferent to the course of Empire and world affairs. Perhaps he may yet take a leading part in evolving a much needed reform of inter-Dominion relations.

The British Commonwealth of Nations controls a large part of the earth's surface. Are we to live up to our responsibilities and play a major part in shaping the world's destinies, or sink into insignificance in the presence of more virile states?

## WORRIES

"The trouble with you is the same as with another patient of mine," said the doctor. "He worried and got nervous dyspepsia. He was worrying himself to death about his tailor's bill. Now he is cured."

"But how did you cure him?" asked the patient.

"Told him to stop worrying, and he's done so," replied the doctor.

"I know," was the doleful answer. "I know he has. But I'm his tailor."

## Always Delicious "SALADA" TEA

### Fire Razes Home At Cowichan Lake

LAKE COWICHAN, Oct. 5.—The home of Mr. and Mrs. Robert Beech was completely destroyed by fire early yesterday. It was a two-story building, and nothing was saved except the pet dog; the house and contents being a total loss.

Mr. and Mrs. Beech, who were away at the time, returned to find the lower part of the house in flames. Their son, Tom Beech, who was sleeping in the upper story, had barely time to jump from the window before the whole building collapsed.

The flames spread so rapidly that for a time, surrounding dwellings were in danger.

## Now Hope to Settle Mixed Areas Issue Without Plebiscite

Smooth Functioning of Sudetenland Commission Leads to Belief Vote May Be Unnecessary to Solution of Problem

BERLIN, Oct. 6 (AP).—Both German and Czechoslovak sources indicated tonight their countries might settle the issue of Sudetenland areas with mixed populations without resorting to a plebiscite. The question of the mixed areas is the next to be solved in the progressive realization of the terms of the four-power Munich accord.

That accord marked out four zones in Czechoslovakia to be occupied by tomorrow by German troops—and the last of the zones was in process of occupation today.

It also empowered the international commission now functioning in Berlin to determine the remaining territory of preponderantly German character to be occupied by German soldiers by next Monday.

The commission defined this area

last night and it was estimated that it and the four zones granted at Munich would give Germany approximately 5,000 square miles.

**PLEBISCITE QUESTION**  
The next step for the international commission under the Munich accord would be to determine whether the mixed areas would vote in a plebiscite for union with Germany or for staying with Czechoslovakia.

But so favorably have negotiations progressed since yesterday's resignation of Eduard Benes as President of Czechoslovakia that prospects brightened every hour for settling the question of the mixed areas without necessity of a plebiscite.

It was stated authoritatively the question of the frontiers and areas to be evacuated by either side through a transfer of populations already had been agreed to in principle, and the international commission now was working on the economic questions of transfers of title and allied problems.

## NOTED SPEAKER ARRIVES TODAY

Sir Firoz Khan Noon, Indian Statesman, to Address Meeting Tonight

Sir Firoz Khan Noon, K.C.I.E., High Commissioner for India in Great Britain and Northern Ireland, who is touring Canada as the guest of the National Council of Education, will arrive in Victoria from Vancouver this afternoon, and at 8:15 o'clock tonight he will give an address in the Empress Hotel, under the auspices of the council, at a meeting which will be open to the public. His topic will be "Britain in India."

A man of wide learning and equally wide sympathies—and incidentally the youngest High Commissioner ever to represent India in London—Sir Firoz Khan was educated in India and Oxford, where he took his M.A. degree, completed his legal training at the Inner Temple, London, and returned to India in 1917 to practice. Continuously for sixteen years, from 1920, he was a member of the Punjab Legislative Council, and before his appointment as High Commissioner he was Minister of Health and Education in his native province of the Punjab.

**SOCIAL PROGRESS**  
Socially one of the most progressive territories in the British Empire, the Punjab offers free hospitalization to its peoples, and even the smallest village is within ten miles of a hospital, Sir Firoz Khan disclosed in an address in Edmonton.

He stated that every person in the Punjab had been vaccinated, and plague, cholera and smallpox, which used to take such heavy tolls, were now things of the past. Three hundred and seventy-five new hospitals have been built in the province in the past ten years.

A brilliant speaker, Sir Firoz Khan has held the interest of large audiences during his lecturing tour of the Dominion, speaking in all the leading cities from Halifax to Vancouver. Between 9:30 and 9:45 a.m. today, before leaving Vancouver for Victoria, he will speak over C.B.C. in conjunction with the Department of Education's schools radio broadcast.

## Birthday Tea Will Be Held

Arrangements for the annual birthday tea of the Sir James and Lady Douglas Chapter, I.O.D.E., were made at the chapter's meeting yesterday afternoon. The affair will be held at the Empress Hotel on Saturday, November 19, the committee in charge including Mrs. Goodfellow, Mrs. A. M. Pillar and Mrs. Bertha Parsons.

An interesting report on secondary education was given by Mrs. O. Pottlinder and the sum of \$25 was voted to this work. The sum of \$10 was voted for a memorial wreath

to be placed on the War Memorial. Mrs. T. B. Monk reported placing flowers on the memorial during the Summer. Miss Lee gave the Municipal Chapter report and was appointed to represent the chapter on the committee for the bazaar, which is being planned by Municipal Chapter.

A hand-made rug, donated by Mrs. Erickson, was won by Mrs. James Shaw. A hearty vote of thanks was extended to Mr. Rogers, of the Memorial Hall, for his assistance to the chapter. Mrs. Milton and Miss Craddock, new members, were welcomed. Tea was served and a social hour enjoyed, the hostesses being Miss Crane and Miss McMullin.

mistake on the part of Mr. Murrin to refuse permission to the committee's stenographer to make notes.

Alderman W. Lloyd Morgan, another member of the committee, declared the reports covered all highlights of the conference.

He said the meeting lasted three hours, and a great deal of ground was covered. He related that Mr. Murrin said he did not care whether the company retained the Goldstream substation, but if the city so desired, a complete study would be made of the question.

Alderman Archie Willis asked Mayor Andrew McGavin if he accepted the responsibility for statements issued to the press after the conference.

"Are you trying to put us on the spot?" the mayor asked. "I will take the responsibility," he added.

Alderman John A. Worthington reminded the council that Mr. Beck urged the city to retain the Goldstream substation. If the city had to take over the plant in part of an agreement with the B.C. Electric, he urged action in settling the matter.

Mayor McGavin explained the final report of Mr. Beck would elucidate the situation.

## LOSS OF REVENUE

Alderman Willis inquired about the sale of water at Goldstream to the B.C. Electric. He understood the city passed up \$2,000 in that regard.

In reply, the city engineer said information had been received from the company that it was cheaper to operate the steam plant at Bamerton.

"Mr. Beck maintained the company should have paid \$28,000 instead of \$18,000 per annum for water at Goldstream," Mr. Murrin writes to the council in regard to the meeting at Vancouver, the press will receive the information. We are responsible to the people of Victoria. We are not doing business behind closed doors," Mayor McGavin remarked.

Alderman W. H. Davies thought the attitude of the company was wrong in not allowing a stenographic report to be taken of the meeting.

## CITY FINDS STAND

"We found out where we stood with the B.C. Electric," Alderman Morgan added.

"We stand nowhere," Mayor McGavin interjected. In response to question from Alderman Adam, he added it was impossible to hold the meeting at Victoria since Mr. Beck had only a few hours at his disposal, and was unable to secure a plane to the city. He wanted to know if Alderman Adam thought the entire council should have gone to Vancouver.

He informed the council that Mr. Beck secured only \$420 of the \$5,000 allotted for his electric utility survey. The balance went to Mr. Beck's staff. If the council wished the utility engineer to deal with the bus transportation franchise, he would have to be paid for his services, the mayor said.

"Mr. Beck set his own price. You gave us to understand that the public utility committee would not deal with franchise matters," Alderman Willis answered.

"The utility committee represented the council," Alderman Morgan added.

## REMAND GIVEN IN CHARGE IN COURT

Separate charges against Mrs. M. E. Johnson and W. Johnson, Moodyville, Brentwood, of impeding and obstructing an inspector of weights and measures in the course of his duties on September 12, were remanded until next Thursday in the Sancho police court yesterday.

D. A. Rose, weights and measures inspector, who laid the complaint, testified that on September 12 he visited the store of the Johnsons to examine their scales. He said he found an ordinary household scale under the counter in the storeroom and was going to confiscate it when the defendants snatched it from his hand and threw it into the kitchen.

Mr. Rose said he was threatened and then Mrs. Johnson pushed him through the door where he fell.

Evidence had not been completed when court adjourned at 5:30 o'clock. The same charge against Mr. Johnson was formally read and will be dealt with next week.

W. P. Lawson appeared for the Crown and Fred C. Elliott acted for the defence.

## HANDFUL OF STARS

CHAPTER XXVIII

Not looking at him, she went to the door and opened it. She was shaking. Then down the elevator to the dark street. It was snowing lightly now. As she walked the cold air cooled her burning face.

But she had walked only a little way when she heard the crunching sound on the snow of hurrying footsteps. Turning, she saw Jeff without his overcoat, running to her.

His hands took her shoulders and drew her close.

"Lyle, you can't leave me like this! You don't understand. I didn't invite Troy. She came with one of the men." That was true.

Now she knew only that his arms were around her, that he had come after her without his coat, that he was shivering in the cold.

"Jeff, you'll freeze? Get pneumonia? I don't care. You're here."

And he was leading her back into the lobby, to the elevator and into his apartment again.

Lifting the boy's brown felt hat from her hair, he bent his dark head and kissed her lips tenderly. That made it all right, he told himself, that kiss. "And he was sorry 'Love me Lyle? Then tell me.' 'I love you, Jeff. Stephen had told her she could not expect to stay near the stars."

"He grinned. 'I can't think and we'll smile at each other. Then we'll go out to dinner and forget the whole thing. I'm sorry.'"

Through the snow they walked to the restaurant where a certain waiter had come to know them. They talked about Christmas, and Jeff said he had always gone home for Christmas.

"But not this year," he said. "unless you come, too."

Lyle said, "I can't go, but you must. Jeff." And smiled. "What would your mother think of me if I kept you away from home at Christmas? Besides, I can't leave Bonnie. It's going to be a bad holiday season for her."

And so before they parted that night it was decided that Jeff would go to Boston for Christmas.

Lyle said good-bye to Jeff as they stood at the entrance of the store after luncheon. He was taking a train to Boston rather than motor, he explained, because of the danger of snow and sleet.

As you are taking an afternoon train I can't see you off," she said a little sadly, holding on to his hand. Over the ebb of her brown glove

### Linen Shower

A delightful linen shower was held Wednesday evening in honor of Mrs. James Merry, the former Miss Doreen Dodsworth, at the home of Mrs. A. M. Perry, Empress Avenue, by the members of the L. H. Hardie Circle of the King's Daughters, of which the guest of honor is a member. The first part of the evening was devoted to the monthly meeting of the circle, after which the guest of honor was led into the dining-room where she found the buffet had been converted into a miniature forest. A small red truck, on the back of which was a beautifully decorated "log" in which were hidden the gifts, looked very realistic on a background of cedar boughs and ferns with red and white berries. Mrs. Merry opened the "log" and found many beautiful gifts. Mrs. William Russell presided at the supper table which was covered with a cut-work cloth and centred with a silver basket of pink and mauve flowers with pink tapers. Miss Marjorie Morris and Miss Doreen Maynard assisted the hostess in serving. Those present were: Mrs. L. H. Hardie, Mrs. William Russell, Miss Marjorie Morris, Miss Gladys Robertson, Miss Doreen Maynard, Miss Marjorie Dodsworth, Miss Marion Wilson, Miss Joyce Goggin, Miss Phyllis Cole, Miss Barbara Talbot and Miss Phyllis Dodsworth.

### Was Hostess

Mrs. George Almond entertained at her home on Sumas Street, on Wednesday evening, in honor of Miss Olive Elford, a bride-to-be of this month. A corsage bouquet of deep pink carnations was presented to the guest of honor. The

reception rooms were decorated with streamers in Halloween colors and bronze chrysanthemums. A prettily decorated basket in harmonizing shades contained the gifts. The evening was spent playing games, the winners being Mrs. A. Corry, Mrs. S. Swetnam, Miss Jeanette Miller and Mrs. Hugh Allison. A silver basket of bronze chrysanthemums formed the centerpiece for the supper table, at which Miss Agnes Spencer presided. The invited guests were Mrs. W. R. Elford, Mrs. W. Welland, Mrs. D. McLennan, Mrs. W. Elford, Mrs. W. Almond, Mrs. T. Bryant, Mrs. S. Swetnam, Mrs. G. Stewart, Mrs. N. Foster, Mrs. A. Corry (California), Mrs. J. Stevenson (Vancouver), Mrs. D. Miller, Mrs. J. Almond (Vancouver), Mrs. W. Hay, Mrs. A. Cough, Mrs. Musgrave, Mrs. Hugh Allison, Mrs. Roche, Misses Agnes Spencer, Isobel Miller, Betty Almond, Ellen Foster, Bessie Morrison, Jeanette Miller, and Master George Almond.

### Party Held

A shower arranged by Mrs. E. A. Harvey and Miss Irene Allen at the home of the latter at 4104 Kings Road, was held on Wednesday evening in honor of Miss Dorothy Elford. The corsage bouquet of the guest was of pink and white carnations, the gifts being contained in a basket decorated with blue and white and representing a ship. In the course of the evening, games were played, the winners being Mrs. A. Ellison and Miss J. Reif, consolation prizes going to Miss E. Ward and Mrs. S. J. Shanks. Mrs. Shanks sang solos for the entertainment of the guests, accompanied by Miss P. Irish, and refreshments were served.

MISS NAN EVE

President of the Junior Auxiliary to St. Joseph's Hospital, under whose auspices the Barn Dance will be held on Tuesday, October 25, at McMorran's Pavilion, Cordova Bay. Prizes will be awarded for appropriate costumes worn by the guests. A novel Halloween supper will be served, and there will be special decorations.

On a table laid with a lace cloth and centred with a cut glass bowl with chrysanthemums. The guests were: Mesdames A. Ellison, E. A. Harvey, G. Allen, Sr., G. Allen, Jr., B. Waude, L. Campbell, C. ### Shower for Bride-to-Be

Miss Joan Pattinson and Miss Kaye Mottershead were hostesses Wednesday night at a shower at the home of Mrs. R. C. Pattinson in honor of Miss Rita Mottershead, whose wedding to Mr. Richard Berry will take place this month. Upon her arrival, the bride-to-be was presented with a corsage bouquet of marguerites and dwarf dahlias. The many gifts were presented in a prettily decorated box in a color scheme of blue and yellow. Games were played during the evening, the prize winners being Mrs. F. D. McKelvie and Mrs. J. C. Foote. Refreshments were served later from a lace-covered table centred with pale yellow tapers and a bowl of marguerites and cornucopia. The hostesses were assisted in serving by Mrs. R. C. Pattinson. The invited guests included Mrs. H. Mottershead, Mrs. R. C. Pattinson, Mrs. E. Stewart, Mrs. J. C. Foote, Mrs. P. B. Barber, Mrs. George Robertson, Mrs. F. D. McKelvie, Miss Elsie Clark, and Miss Gwen Frampton.

### Class Dinner

The annual class dinner of the September, 1939, group of nurses of the Royal Jubilee Hospital was held on Tuesday evening in the Prince Albert dining-room of the Empress Hotel. The table was attractively arranged with gold tapers and crimson and yellow streamers, the colors and flowers of the class. The toast to the training school was proposed by Miss Marion Fraser and responded to by Miss D. Riches. Games and cards were enjoyed later in the evening. Those attending included Miss Lena Mitchell, director of nursing; Miss G. Curry, assistant director; Miss D. Riches, instructor of nursing; Miss B. Porritt, assistant instructor; Misses Margaret Campbell, Lois Patterson, Lorna Colwell, Marion Fraser, Gwen Gardiner, Mary Alexander, Phyllis Wood, Joyce Laurie, Helen Keywood, Patricia Adams, Margaret Hewson, Patricia Campbell, Wendy Benson, Lena Fraser, Kathleen Rowell, Grace Mayhew, Margaret Lowe, Margaret Miller, Eva Smith and Agnes Jones.

This Style Leader—"CONTINENTAL"—is Congoleum Gold Seal Rug No. 479.

"This 'Continental' is one of the finest patterns I have ever seen in Congoleum. It is smartly styled, richly coloured and in harmony with the spirit of modern decoration. Yes, it's a good recipe for tired or dismal rooms."

Outstanding as this pattern is, it is only one of the many amazingly beautiful Congoleum Gold Seal rugs now on display in good housefurnishings stores. And remember—Congoleum Gold Seal Rugs have other advantages than their beauty. They are sanitary, easy-to-clean—a damp mop keeps them spotless—and they lie flat without fastenings of any kind. ## Wedding Is Celebrated In Evening

The Queen of Peace Church, Esquimalt, was beautifully decorated with flowers in Autumn shades for the marriage of Esther Kathleen, elder daughter of Mr. and Mrs. Joshua Smith, Arm Street, and Mr. Alex William Speller, eldest son of Mr. and Mrs. A. Speller, Carey Road, which was solemnized last night at 8:30 o'clock in the presence of a large congregation.

During the service, which was conducted by Rev. Father A. B. Wood, the bride and groom stood beneath an arch of chrysanthemums. Miss Wanda Spencer played the wedding marches, and as the registrar was being signed, Miss Betty O'Leary sang "Ave Maria."

The bride, who was given away by her father, wore a lovely frock of ivory satin with a lace yoke, under a redingote of lace fastened from neck to waist with satin buttons. A satin panel down the back extended to a long train, and long sleeves and an Elizabethan collar were also featured in the coat. A double veil of fine silk tulle, one reaching below the hips and the other to the elbows, was attached to a Juliet cap of orange blossoms, and a sheaf of Calla lilies completed the ensemble.

### THREE ATTENDANTS

Miss Mary Smith, sister of the bride, was maid-of-honor, in a charming redingote frock of mauve chiffon over tulle, and a Bo-Pop Bonnet tied under the chin at one side with deep violet velvet ribbon with long ends reaching to the hem of her skirt. She carried a Colonial posy of roses, pink carnations and purple pansies.

The bridesmaids were Miss Ethyl Speller, sister of the bridegroom, in a high-waisted frock of yellow chiffon with a full skirt, and Miss Gertrude Bentley, in a similar frock of pale green chiffon. They both wore ruffled jackets with Peter Pan collars and short sleeves to match their frocks, and satin Juliet caps trimmed with flowers, and veil over their faces. They carried arm bouquets of sunflower snapdragons and bronze chrysanthemums.

The bridegroom was supported by his brothers. Mr. Lewis Speller was best man, and Messrs. Lionel and Maurice Speller were ushers. Poses of flowers tied with white satin ribbon marked the guest seats.

### RECEPTION AT CLUB

A reception was held after the service at the Gorge Vale Golf Club during which the bridal party stood between tall white baskets filled with Michaelmas daisies, zinnias and yellow daisies. The bride's table was centered with the wedding cake and was

decorated with vases of Calla lilies, and six tall white candles in silver holders. Mrs. Smith wore a gown of lace and sheer in the new plum shade, with a corsage bouquet of pink roses and answania.

Mr. and Mrs. Speller left at midnight for a motor trip to California, and will make their home at Alberni. For traveling the bride chose a British tan outfit worn with muskrat coat and a corsage bouquet of gardenias and Tallman roses.

Mr. and Mrs. R. Leake, Regina, and Mr. and Mrs. K. Laity, Seattle, were guests at the wedding.

Among the numerous gifts were a silver tea service from the bride's associates at the New Method Laundry, Ltd.; a tri-lite from the local agents of the Metropolitan Life Insurance Co., with which the bridegroom is associated; a Kenwood blanket from the office staff, and a tea set from the Up-Island staffs.

## Country Fair Is Opened by Bishop Cody

Most Rev. John C. Cody, D.D., Bishop of Victoria, officially opened the Country Fair held at St. Louis College yesterday afternoon under the auspices of the Christian Brothers, assisted by members of the Catholic Women's League.

The Bishop, who was introduced by Brother Walsh, paid a glowing tribute to the splendid spirit of co-operation which had grown up between the parents and the school staff, a factor which, he felt, played a large part in the success of any school. He mentioned that in January, 1939, the school would celebrate its seventy-fifth anniversary and there will be elaborate festivities in connection with the diamond jubilee.

He also referred to the importance of the occasion last June, when the Eucharistic Congress procession started from the school grounds. He congratulated Brother Walsh upon his leadership in the school and wished the Brothers and all connected with the fair every success.

Brother Walsh referred to the scholastic achievements during the past year and added that nine out of twelve pupils writing the entrance examinations had passed, one boy winning special distinction in the province.

### THE HELPERS

There was a large crowd of visitors throughout the afternoon and evening, and supper was served at small tables under the direction of Mrs. D. F. Dones, Mrs. Gillis Mrs. Howard, Mrs. J. Devine, Mrs. S. Devine, Mrs. Brown, Mrs. R. Webb, Mrs. Lennox, Mrs. Crossley, Jr., Mrs. Dunne, Mrs. Shaw and Mrs. Cooper, assisted by the following servers: Misses M. Morry, M. Grant, M.

Hood, F. Cownden and M. Crossley, Mrs. H. Noonan, did a thriving business at the "hot dogs" stall, and the home cooking was in charge of Mesdames Battie, Costello, J. J. O'Brien, Hornsby, B. Reid and Miss E. O'Brien.

The candy stall was in charge of the following members of the Catholic Junior League: Mrs. C. E. Rivers, Mrs. H. Lineham and Miss N. O'Connell; the miscellaneous stall being run by Mrs. E. S. Martin, Mrs. G. Brady, Mrs. L. O'Connell, Mrs. A. J. Gilbert and Mrs. J. B. Watson. Many tempting gares were sold from the fruit and vegetable stall under the direction of Miss J. O'Connell and Mrs. Seymour. Games, such as archery, Bingo, shooting gallery, etc., were very popular and the ice cream and soft drinks stall drew many eager purchasers.

## P.T.A. Activities

### LANGFORD

The annual general meeting of the Langford Association will be held next Wednesday evening at 7:45 o'clock in the school.

### SIR JAMES DOUGLAS

The monthly meeting of the Sir James Douglas Association was held on Tuesday in the school auditorium, over sixty in attendance. Mr. W. Hudson was appointed delegate to the committee which is arranging the Halloween bonfire for the school children. On Tuesday a card party will be held in the auditorium at 8 p.m., under the chairmanship of Mrs. H. S. Rourke, the proceeds to be used to purchase a curtain for the stage. The annual banquet and tea scheduled for Wednesday, November 9 at 3 p.m., Mrs. W. H. Yardley as general convener. Mrs. R. Green has consented to open the bazaar. After the business session, Mr. C. D. R. Ferriss, of the Provincial Bureau of Tourist Development, showed several films of general interest. Mrs. P. Atkinson's committee served refreshments at the close of the meeting.

DUNCAN, Oct. 6.—At last night's meeting of the Duncan Consolidated School Board, Dr. H. N. Watson was appointed school medical health officer. A report of the recent Provincial Trustees' Convention at Kamloops was presented by Trustee O. T. Smythe.

A man looking at some neckties tossed one or two aside contemptuously. Lingered after having made his purchase, he noticed that the assistant put those he had so positively rejected in a separate box. "What becomes of those?" he inquired. "We sell them to the women who come in here to buy ties for men."

## Art Studio Opens With "At Home"

In a thoroughly workmanlike setting, with framed and unframed pictures, drawings, posters, and various designs hung about the walls, and with palettes, paint brushes, drawing tables, easels, and other paraphernalia of the profession visible, Miss Brownie Wingate and Mr. Allen Edwards held an informal "at home" for their friends yesterday afternoon in their recently opened "Studio School of Art," 1118 Broad Street.

A handsome bowl of flame-colored dahlias and a massed arrangement of Michaelmas daisies added a feminine touch to the room, and tea was served while guests wandered about examining the interesting display of work. Both young artists are former Victorians, recently returned after years of study—Miss Wingate in Europe, and Mr. Edwards in Eastern Canada. Their many friends showed great interest in their mature work as well as in their ambitious project of a studio which combines the ideas of club and school.

Mr. Edwards' most recent portrait was one of Miss Dallas Homer Dixon, a charming study with vivid expression. Others included Mrs. Hughes and her young daughter Valerie; Mrs. J. Woods (Ottawa); Mrs. Menzinger (Detroit); Tommy Leighton—a Kingston Military College cadet, and two models. There were also a number of figure studies in charcoal, some as beautifully finished as if done in stipple. Miss Wingate's posters were representative, varied and arresting.

Among the visitors were Mrs. F. M. MacPherson, Miss Jeanette Cann, Mrs. Sanderson-Mongin, Mrs. Charles Wilson, Miss Gloria Kent, Miss Joan Bland, Miss Pierce, Mrs. Abel, Mrs. Edwards, Mrs. Lillian Sweeney and Miss Sweeney, Mr. John Kincaid and Mrs. Hughes.

### ST. MARY'S

St. Mary's branch spent a most interesting evening on Wednesday when Mr. Frank Holdridge took the members for an educational tour of the Gonzales-Observatory. Just before entering the building, Norman Williams, the president, presented Philip Salmon, past president for the last two years, with a past president's pin. Next Wednesday the reports on the annual British Columbia conference will be brought before the meeting.

### ST. JOHN'S

Plans were formulated at the weekly meeting of St. John's A.Y.P. for the Fall entertainment when the Ariel Singers will present one of their popular concerts under the direction of Mr. Frank Tupman. The date will be announced shortly. A special devotional service was used to open the meeting, led by the president, Miss Lenora Trickett. Two representatives, Miss Doris Wright and Miss Beth Walker, were appointed to attend the song service meeting to be held at the Y.M.C.A. on October 13. At the close of the business session, Mr. Donald Jacob read the Scripture passage and Rev.

G. R. V. Bolster led in prayer. The remainder of the evening was spent playing "get acquainted" games led by Mr. Bolster. At the close, refreshments were served by Miss Kay Smith and Miss Thora Harrison. Visitors welcomed to the meeting were Misses Sheila Akenhead, May Worlidge, Pat Hicks, Olive and Pat Pope. All members requiring tickets for the conference banquet and dance to be held at the Crystal Garden on Saturday Evening were requested to get in touch with the president, Miss Lenora Trickett. A service for all A.Y.P.A. members will be held at Christ Church Cathedral on Sunday evening at 7:30 o'clock in conjunction with the A.Y.P.A. conference, at which the Rt. Rev. H. E. Sexton will give the address. In place of the regular meeting on Monday, the members will attend the installation of the newly-elected Provincial Council officers at Christ Church Cathedral and the "rally" which will be held in the Memorial Hall following the church service. All St. John's members are requested to meet outside the church at 6:45 p.m.

### DUNCAN

Twenty-five members and friends of St. John's (Duncan) Branch of the A.Y.P.A. met at the parish hall read the Scripture passage and Rev.

visitors was Stanley Kirkham, a former member and now a member of the Chilliwack branch. Neil Grant led the opening devotional period, and Clive Hoskins read the Scripture portion, Leuter Halling had charge of the evening programme, which took the form of an impromptu debate led by Mrs. daughter.

Florence Lemon and Trevor I. Anson. Volleyball games ended the entertainment.

"How did Tom manage to get so much of his uncle's estate?" "He married his lawyer's only daughter."

TWO WEEKS TO  
MAKE REPAIRS

Victoria Machinery Depot Is  
Awarded Contract for Work  
On Princess Joan

Contract for repairs to the B.C. Coast Service Ss. Princess Joan, which damaged its rudder when it touched harbor bottom earlier in the week, has been awarded to the Victoria Machinery Depot, Limited. Cost of the repair job is understood to be in the neighborhood of \$10,000.

Repairs will consist of new rudder stock, straightening of the rudder and steering gear overhaul. Work to be carried out will require two weeks. The Joan will remain in drydock until the underwater job is finished.

## LUMBER VESSEL

To complete loading for Australia, the British freighter King Arthur was expected at Ogden Point Piers overnight. The ship was to come in from Port Alberni and was poised to start loading lumber first thing this morning.

## EXCURSION MONDAY

The last holiday of the season, Thanksgiving Day, will feature an all-day excursion to Seattle by the B.C. Coast Service of Canadian Pacific Steamships. It is anticipated a capacity crowd will take advantage of the opportunity to spend the day in the Puget Sound city. The Ss. Princess Louisa will leave the Belleville Street docks here at 8:30 a.m. and returning will sail from Seattle at 5:30 p.m.

While the Louisa is taking Victorians down the Sound, the Ss. Princess Adelaide will be bringing an excursion party from Vancouver here. The Adelaide is due here at 1:15 p.m. Monday, and will sail again at 5:30 p.m.

In addition to the excursion from Victoria, both the B.C. Coast Service and the Black Ball Line are offering special week-end rates to all points reached by boat from Victoria.

## APPOINTED AGENTS

According to W. H. Maybaum, Pa-

cific Coast passenger traffic manager for the United States Lines, his company has been appointed general passenger agents of the American Republics Line for the entire United States and Canada. Reservations for the Pacific Coast territory will be handled through the United States Lines offices in Seattle, Los Angeles and San Francisco. Moore & McCormick, New York, are the operating managers of the United States Government-owned American Republics Line, which will inaugurate the new service to the east coast of South America tomorrow, the Ss. Brazil, formerly the Panama Pacific liner Virginia, making the first sailing.

## GOOD FISHING

Fishing on the Fraser River after the long close period has been exceptionally good, according to reports, a bumper catch being made Monday between the bridge and Haney. The volume taken in this part of the river being four times greater than expectations. Fishing opened at noon and within two hours packers and cannery collectors were receiving frenzied calls from upriver for extra trucks and boats. Nelson Brothers' Fisheries, reported the average of the early returns Monday was forty sockeye, 200 pounds coho, ten chums, and 200 pounds of spring. Catches below the bridge were much smaller.

Thousands of fishing boats blanketed the Fraser on Monday from Haney to the Gulf. Some boats did not, while others caught few fish. Catches were mixed. The sockeye run is trailing off and the fish are not in prime condition. The chum salmon is increasing, while catches included red spring, white spring, coho and small sturgeon.

## ARE APPOINTED AS DELEGATES

Twentieth Century Young Liberals Elect Local Members on Island Council

H. Castillo and R. Flanagan were elected as Victoria representatives on the Island Council of Young Liberal organizations, at a business meeting of the Twentieth Century Young Liberal Association held at Liberal headquarters on Tuesday evening. E. W. Bourque occupied the chair.

Arthur F. Coates was named to the resolutions committee of the Young Liberal convention to be held in Duncan on Monday, when about twenty-seven local delegates are expected to attend.

Among the resolutions proposed and passed by the local organization, to be considered at the Duncan convention, were: Motion, against Oriental penetration; for health insurance; and for early construction of the Alaska Highway. N. B. Butler moved that the local association go on record as being opposed to the export of nickel to nations outside the commonwealth. A motion against private manufacture of armaments was passed unanimously.

**EXPORT OF UNCLUT LOGS**  
Peter G. Hartnell felt that action should be taken against the large exports of unclut logs from this province. He also moved that the Government should be requested to investigate the possibility of granting family and marriage allowances.

A resolution was moved by Robert Oseleson that the organization should express itself as against relief camps and in favor of a comprehensive system of works as an aid in alleviating unemployment. Mr. Hartnell declared there was a campaign by subversive elements in the province to discredit the Government and the forces of law and order.

H. Castillo, chairman of the sports committee, reported that the soccer team would play the Longshoremen at the Royal Athletic Park on Saturday. James N. Bowden urged a good attendance of members at the dance tonight in the Oak Bay Theatre Hall.

**"JAPANESE MARCONI" DEAD**  
TOKIO, Oct. 6 (CP-Havas).—Sunchi Kimaru, seventy-two, known as the "Japanese Marconi," died today. Kimaru was largely responsible for building up the wireless system used by the Japanese Navy.

"Then you admit that you struck the plaintiff with malice aforethought?" demanded counsel of the man charged with assault.  
"You can mix me up like that," replied the defendant, indignantly. "I've told you twice I hit him with a brick. There wasn't no mallets nor nothing of the kind about it—just a plain brick like any gentleman would use."

**COOKED HIS GOOSE**  
"A native was in the dock at Port Shepstone, South Africa, charged with stealing a neighbor's goose."  
"What have you got to say?" asked the magistrate.  
"It was due to three accidents," said the native. "First of all there was an accident when the goose entered my kraal. An oxen-yoke fell on it. Then I accidentally up- set a pot of boiling water over the bird. I knew my neighbor would say I had killed the bird with boiling water, so I threw it into a bush. Then, in the night, I heard cats fighting for the goose. I didn't like the idea of good meat being wasted on cats, so I got up and cooked and ate it myself."  
The magistrate leaned forward. "Here's another accident," he said. "One month in prison."  
Mrs. Wilkes: "I see your husband never gets out at nights."  
Mrs. Salmon: "So do I."

# DEAN LOSES DRAMATIC BALL GAME TO THE YANKS

## HOMERS IN EIGHTH AND NINTH DECIDE SECOND TUSSLE, 6-3

Crosetti and DiMaggio Smack Ball Over Wall With Mates Aboard to Give New York Yankees Second Straight Victory—Gomez Becomes The First Pitcher to Win Six Games

By PAUL MICKELSON  
Associated Press Sports Writer

WHOLEY FIELD, CHICAGO, Oct. 6 (AP).—Dizzy Dean, pitching his heart and arm out with every curve ball he threw, had one foot in the hall of world series immortality today when the most murderous home run bats in baseball history wiped him and his gallant effort from glory.

Only four outs away from scoring as superb and glamorous a come-back as the game ever produced, the gallant Dizzy man was denied his triumph when the bats of Frank Crosetti and Joe DiMaggio

arched balls out of the lot. The two blooped drives and the Cub mates to the brink of series elimination, giving New York Yankees their second straight game, 6-3.

This was the storybook picture that 42,108 shivering fans, their hearts in their throats, never will forget.

So complete a master was Dizzy and his "rolling" ball that he reached the start of the eighth inning with only two singles and a cheap double, caused by a Cub infield mixup, against him. He stood out there like he used to when he was at his zenith. The Cubs had given him a 3-2 lead over Lefty Gomez, the Yankee southpaw, who never had lost a world series game.

**CRASHES OUT HOMER**  
Every fan in the park stirred uneasily as the first man up, George Selkirk, looped a single to right field for the fourth Yankee hit, but they sat back in their seats again as Joe Gordon forced him at second and, in turn, was forced by Meryl Hoag, pinch-hitting for the apparently beaten Gomez. It looked as if Dizzy was "in."

Then, up stepped the man who had robbed the Cubs in yesterday's opener with his miracle plays around second—Frank Crosetti. Not much cause for alarm in Crosetti. He had hit only nine home runs all year with the Yankees, who don't call a man a home run knocker until he gets at least twenty.

As Hoag bothered Dizzy with gestures as if to steal, Crosetti picked and packed away, hitting five fouls and running the count to 3 and 2. Dizzy, though his arm ached, put everything he had on that last pitch. It came in fast and chest high and then—bang! The ball arched high like a harmless fly to Leftfielder Carl Reynolds, but on it went to barely clear the red brick wall for a home run.

That was the big story of this thrilling world series battle, but there was still another home run

rich for a double to send them home.

**GOMEZ IN TROUBLE**  
Gomez was in constant trouble thereafter as Dean set the Yankees down in order over four of the next five innings. Not once did the senior go a single inning without a man getting on base. Once, Rolfe's second error of the game put a runner on the path.

Murphy also failed to set the Cubs down in order the two innings he worked, and even was threatened with a final, desperate rally in the ninth, when Jurgens walked and Phil Cavaretta, pinch-hitting for Larry French, Dean's successor in that final nightmarish inning, singled. But Hack ended the hopeless rally by popping to Crosetti, the man who had struck the deciding, thrilling blow of the game.

The hilarious Yankees hustled off for their train back to New York, where the series resumes Saturday at Yankee Stadium. Manager Joe McCarthy, still left a bit breathless after the victory, said he planned to start Monte Pearson, the club's non-pitcher, in the New York opener. Manager Gabby Hartnett had only one choice. It was Clay Bryant.

**DEAN RETIRES**  
As the Yankee bench went wild and tossed their bats out on to the field, Manager Gabby Hartnett and Dean knew the curtain to a great drama had fallen. Dean was taken out and he trudged off the field, head down.

In the Yanks' clubhouse back of the stands was another picture—an almost delirious skinny pitcher—Senior Gomez. Although relieved by Johnny Murphy at the start of the eighth inning, the happy senior's name went into the record books as the game winner and the first pitcher in all history to win six world series games without a defeat.

His victory today, scored as it was over a trail of heartaches, broke the tie Gomez had with old Jack Combs, of Philadelphia Athletic fame, and Herb Pennock, Yankee star of another golden era, who had won five without defeat.

The day started out as it ended for Dizzy, who missed his chance to pay back Owner P. K. Wrigley the \$15,000 he paid St. Louis Cardinals for his contract last Spring.

His Cub mates, led by Joe Marty, who marched arm in arm with Dizzy as a hero until the home run deluge, gave him a one-run lead in the first inning on singles by Stanley Hack and Frank Demaree, the first of two errors by Red Rolfe and Marty. But in the second inning they threw it away.

DiMaggio opened the inning with a line drive single to left, and took second as Lou Gehrig worked Dean for the only walk Dizzy gave. Here Dizzy lightened the danger of the ball and collided as the pellet rolled out to short left field, leaving the doors wide open for DiMaggio and Gehrig to score. Gordon was given a double.

But Cub gloom almost immediately turned to cheers as the train, again led by Marty, drove two runs over to the platter to take the lead. Hack opened by beating out a single to deep short and took second as Billy Herman beat out another on a perfectly executed hit and run play to short. Frank Demaree laid down a perfect sacrifice and Marty slammed a low, hard liner between DiMaggio and Hen-

## Mrs. Mulqueen Only Canadian Golfer in Championship Meet

Toronto Woman Will Carry Canada's Hopes Into  
Semis Today Against a Trio of Britons—  
Marg Esson Beaten by Mrs. Walker

By ROSE MURPHY

Canadian Press Staff Writer  
ROYAL OTTAWA GOLF CLUB,  
OTTAWA, Oct. 6.—The young  
Prairie marvel of the Canadian  
women's open golf championship  
finally bowed from the tournament  
in quarter-finals today as three  
British women and a Toronto star  
qualified for semi-finals.

Launching Marg Esson, known to  
the folks back home in Roseville,  
Sask., as "Puddin'", was defeated by  
Mrs. A. B. Walker, of the British  
Curtis Cup team, but the seventeen-  
year-old wonder golfer carried the  
match to the sixteenth green before  
losing 4 and 2.

A gallery of more than 400, with  
nearly everyone pulling for the slim  
little Westerner, followed the match  
and appeared to unnerve the girl  
who ousted two top-flight golfers by  
wide margins in the first and second  
rounds. She played mediocre golf  
and cracked badly on the first nine  
to be five down at the turn. She  
won back three holes on the home  
nine, but the match finished on the  
sixteenth after Miss Esson struck a  
trap.

The best match of the day saw  
Charlie Tiernan, of Dublin, another  
member of the British team, battle  
Mrs. W. G. Fraser, of Ottawa, to the  
eighteenth green and emerge the win-  
ner two up. The Ottawa woman is a  
former United States and Canadian  
open champion.

THIRD BRITON WINS

Third Briton to enter semi-finals  
was Jessie Anderson, of Perth, Scot-  
land, who eliminated Evelyn Mills,  
of Ottawa, 3 and 1. The present  
Scottish women's champion and 1937  
winner of the British women's open,  
also ousted the Canadian in a  
straight set of pars and birdies for  
the victory.

The final match between Mrs. F.  
J. Mulqueen and M. A. E. H. Gooder-  
ham, both of Toronto, went to the  
seventeenth hole, where Mrs. Mul-  
queen ousted her partner from the  
championship, 2 and 1.

Tomorrow Mrs. Mulqueen meets  
Mrs. Walker and Miss Tiernan plays  
Miss Anderson. Most onlookers  
picked Mrs. Mulqueen and Miss An-  
derson as probable finalists.

Playing ahead of the field, the  
Esson-Walker match was "nearly  
mobbed." The fairway was cluttered  
up with Esson fans and a few loyal  
Britons applauding their hope.

But "Puddin'" took only one hole  
on the first nine to be down five at  
the turn. She was topping her woods  
off the fairway and losing strokes on  
the greens. Her drives, however,  
were nearly twenty-five yards longer  
than Mrs. Walker's.

### Newark Bears in Easy Victory in Play-Off Series

KANSAS CITY, Oct. 6.—(AP)—  
Newark Bears, of the International  
League, defeated Kansas City Blues,  
of the American Association, 6-1, to-  
night to take a three-game-to-two  
advantage in the little world series.

Joe Beggs turned in his second  
series victory for Newark.  
R. H. E.  
Newark 203 000 001—6 9 3  
Kansas City 000 100 000—1 8 0  
Batteries—Beggs and Rosar;  
Washburn, Bonham, Piechota and  
Riddle, McCullough.

MIXED TOURNEYS  
CARDED MONDAY

On Thanksgiving Day, next, Mon-  
day, mixed fouromes will be held  
at the Victoria and Colwood Golf  
Clubs. At both courses play will  
consist of eighteen holes medal play,  
with half the combined handicaps  
allowed. Competitors will choose  
their partners and opponents and  
also arrange their starting times.  
Post entries will be received.

## Play by Play Description

WRIGLEY FIELD, CHICAGO,  
Oct. 6.—A play-by-play description  
of the world baseball series between  
the Chicago Cubs and New York  
Yankees follows:

FIRST INNING

Yankees—Dean's first pitch to  
Crossetti was a called strike. Crossetti  
then sent a long fly to Reynolds,  
who took the ball with his back  
almost against the left field wall.  
Dwan made a nice stop on Rolfe's  
bunt and threw to Collins to retire  
him in a close play. Jurgens went  
back on the grass to take Henrich's  
fly. No runs, no hits, no errors,  
none left.

Cubs—The crowd cheered as Hack,  
first man up, came to bat for the  
Cubs. Hack dropped a single in  
left and another loud cheer went  
up. Herman struck out, swinging  
at a sharp-breaking curve. Demaree  
aimed between first and second,  
base into right field, sending Hack  
to third. When Rolfe fumbled Hen-  
rich's throw-in, Demaree went to  
second, but Hack held third. It  
was an error for Rolfe. DiMaggio  
backed against the wall in left  
centre to take Marty's fly. Hack  
scoring after the catch. Demaree  
went to third on the throw-in.  
Reynolds struck out on a low inside  
pitch. One run, two hits, one error,  
none left.

SECOND INNING

Yankees—Dean was throwing  
nothing but slow stuff to the  
Yankees. Manager Joe McCarthy  
came out of the Yankee dugout as  
the team came to bat and had Um-  
pire Bears tell the fans in the box  
seats along the right field line to  
take their coats off the wall.  
DiMaggio lined over Jurgens' head  
into left centre. It was his first  
hit of the series. The Cub bullpen  
became busy as Gehrig went to bat.  
Two pitchers, left-hander Larry  
French and the veteran right-  
hander Jack Russell, started to  
warm up. Gehrig walked on five  
pitches. Harnett and Dean con-  
ferred near the mound. "Dickey fled  
to Jurgens, who again went back on  
the grass to make the catch. Marty  
came all the way over to short right  
field and took Selkirk's fly and the  
crowd went wild as Dizzy appeared  
to be pitching his way out of a tight  
spot. Marty called time as the sun  
came out wanly and went in to  
get a pair of sun glasses on the  
Cub bench. Hack and Jurgens col-  
lided in the going after Gordon's  
rover, and it rolled all the way into  
left field for a two-base hit. Di-  
Maggio and Gehrig both scored on  
the play. Gomez filed to Reynolds  
in short left. Two runs, two hits,  
no errors, none left.

Cubs—Harnett sent a long fly to  
Reynolds in left. With a southpaw  
pitching, Collins switched to a right-  
hand batter. Collins bounced a  
single off Rolfe's glove. Jurgens forced  
Collins at second. Rolfe to Gordon;  
but Jurgens was safe at first on the  
fielder's choice. Crossetti threw out  
Dean on a nice play. No runs, one  
hit, no errors, one left.

THIRD INNING

Yankees—Reynolds ran all the  
way to the left field corner to take  
Crossetti's fly. Herman took Rolfe's  
bouncer and threw him out. Her-  
man also threw out Henrich and  
the crowd roared as Dizzy's "muth-  
er" ball was definitely handoffing the  
Yankees hitters. His curve was  
breaking more than a foot as it  
crossed the plate. No runs, no hits,  
no errors, none left.

Cubs—Jurgens grounded to Rolfe  
and was out at first by a shade.  
Dean received a fine ovation as he  
came to the plate. He drove the  
first ball pitched between Rolfe and  
Crossetti into left field for a single.  
Joe McCarthy signalled the Yankee  
bullpen to get busy again. Hack  
walked the count to three and two

## Profit-Taking Is Dam to Tide on New York Mart

NEW YORK, Oct. 6 (AP).—The stock market was jolted by profit-taking today after a strong foreign buying wave had swept most leaders to new high territory for the past year with gains running to more than 3 points.

While small improvement predominated at the close, many stocks still holding at peaks for the past twelve months, a number of steel, motor, rubber, and rail stocks were behind minor gains.

Traders were still optimistic, however, as signs of improving business continued and the move for greater co-operation between government and industry acquired Broadway. Brightening of the foreign picture was also helpful.

The Associated Press average narrowed to emerge with an advance of 1 1/2 points at 51.1. This was a new high since October 9, last year. Transfers amounted to 2,421,000 shares against 3,531,000 yesterday. The first buy turnover accounted for 880,000.

Broad buying brought gains in today's bond market and trading volume was at the best level in several months at \$11,530,000 compared with \$10,894,975 yesterday. Rails provided sturdy leadership. Other corporate groups also recorded numerous sizable gains as did leading foreign issues and U.S. Government bonds.

Nickel Plate 6 per cent notes dropped 6 and the 4 1/2's gave up 1 3/8 cents—both with announcements the stock exchange was investigating recent transactions in all Nickel Plate securities. Czechoslovak 8 1/2's were down 17 on the sale of one bond.

## LIFE'S LIKE THAT

By Fred Neher

## Jane Dixon Says:

HERE IS ONE WOMAN, THE VICTIM OF THE ETERNAL TRIANGLE, WHOSE SENSE OF JUSTICE PLACES THE BLAME ON HER ERRANT HUSBAND'S SHOULDERS.

Not every wife in a love triangle, involving herself, her husband and the other woman, is tilted to the fact that it takes two to make a bargain—even a bad bargain.

Here is the wife who gives the blame where blame is due!

Jane Dixon: I am twenty-seven, have been married for nine years and have three lovely children. Our little family was very happy until two years ago, when I noticed that my husband began to be restless, impatient with the children, critical of me. He never had been a particularly affectionate man, but gradually he stopped even the small domestic gestures such as a kiss of farewell or of greeting for me and for the children when he left town on business.

After a while he began drinking more and more frequently and to an extent that it was noticeable, something he had never done since I had known him. He began complaining about household expenses and how much the children were costing. He spent more and more evenings away from home—"on business," he said, or "with the boys."

Yes, you guessed it. There was another woman. I found out about her by accident—overhearing a conversation between two of my women friends. Everyone in town seemed to know about the affair except me. I investigated quietly without saying anything to my husband, and I found he was involved with a girl in his office—a young girl who had a nice family and a good reputation until this happened.

Miss Dixon, I do not blame this girl as much as I do my husband. He had a wife and a family to think of. He is older and knew more of the world. She couldn't force him to pay her attentions and to drink. She didn't kidnap him to take her on car rides, and she didn't take presents away from him—he gave them to her.

I haven't yet made up my mind what to do about it, but whatever steps I take will include my husband—not just the girl. She is a stranger, but he is my husband, the father of my children. He is the one who has cheated us and let us down.

This may not be the usual attitude a wife takes in a case like this, but surely it is the fair way to look at it. Or am I wrong—Only the Wife.

Comment: You are absolutely right! and your sense of justice should find a happy solution to your problem. Rarely is an injured wife willing to give the "devil his due," the devil in triangle cases invariably being the other woman. If you talk it over with your husband, don't fail to let him know how you feel about the relative responsibility of himself and of the girl. This might be the sort of shock and painful surprise that would bring him to his senses.

### What Today Means

"LIBRA"  
If October 7 is your birthday, the best hours for you on this date are from 9:45 to 11:45 a.m., from 1:45 to 3:45 p.m., and from 7:45 to 9:45 p.m. The danger periods are from 7:45 to 9:45 a.m., from 5:45 to 7:45 p.m., and from 9:45 to 11:45 p.m. The destructiveness of fire may have a far-reaching effect upon the lives of many people this day. Cigarette and cigar smokers, combustible material handlers, and users

of matches and inflammable products should be very cautious this day. Your "minor" effort to be absent-minded about where you place things this day, for through thoughtlessness accidents may occur. You are apt to find that there exists a strong temptation to distort or exaggerate people's words, so be careful. "Inconsideration" will be the principal cause of breaches in friendship and largely accountable for changes in plans. Serious efforts to make money are likely to be very successful. This is a day when it is far more important for you to correct your own faults than it is to try to discover the faults of others.

Married and engaged couples, and those who are in love, may make this a brighter day by displaying a loving amount of attention in a sentimental way. If a woman, and October 7 is your birthday, place a high valuation on relationship and friendship. For if you fail to do so the time may come when, through estrangement, you will feel their loss. Being absorbed by other interests, you may neglect your physical well-being, which will be a grave mistake. Your mind might need diversion and mental relaxation just as much as your body requires exercise to keep it fit. Physical culture, scientific, historical or
